The commissioner may in his discretion apply to the Court of Chancery for instructions or directions touching the sale of any property of such association or the compounding of debts or claims. The commissioner may, under his hand and official seal, appoint one or more special assistant deputy commissioners of banking and insurance, as agent or agents, to assist him in the operation of the business of such association, or in the duty of liquidation and distribution, and the commissioner may from time to time, authorize a special assistant deputy commissioner to perform such duties connected with such operation, liquidation and distribution as the commissioner may deem proper, and the commissioner may employ such counsel and procure such expert assistance and advice as may be necessary in the operation of the business of such association or the liquidation and distribution of the assets of such association, and may retain such of the officers or employees thereof as he may deem necessary, and the compensation of the special assistant deputy commissioner, counsel and other employees and assistants, and all expenses of administration and liquidation, shall be fixed by the commissioner, subject to the approval of the Court of Chancery on notice to such association, and shall upon the certificate of the commissioner be paid out of the funds of such association in the hands of the commissioner. The commissioner shall mail a similar notice to all persons whose names appear as creditors upon the books of such association. If the commissioner doubts the justice and validity of any claim, he may reject the same and serve notice of such rejection upon the claimant either by mail or personally. An affidavit of the service of such notice, which shall be prima facie evidence thereof, shall be filed with the commissioner. An action upon a claim so rejected must be brought within three months after such service, unless the commissioner or the Court of Chancery, for reason shown, grant further time, not exceeding three months. In rendering judgment in such action, the court, if judgment be for the claimant, shall determine the status or rank of such claim. The court may make proper provision for disposition of moneys due to former members whose shares have been lapsed or cancelled or whose membership has been terminated prior to such taking possession. Whenever any such association, of whose property and business the commissioner shall have taken possession as aforesaid, or any member thereof deems itself or himself aggrieved by any act of the commissioner done pursuant to this section, such association or such member may, at any time after such taking possession, apply to the Court of Chancery to enjoin further proceedings, and said court, after citing the commissioner to show cause why further proceedings should not be enjoined, and hearing the allegations and proofs of the parties and determining the facts may, upon the merits, dismiss such application or enjoin the commissioner from further proceedings, or from the doing of any act which will not be in the best interests of the shareholders or grant such other or further relief as may be equitable and just. Unclaimed dividends to shareholders or creditors remaining unpaid in the hands of the commissioner for six months after the date of the order for final distribution shall be deposited by him in one or more State banks of deposit, savings banks or trust companies, to the credit of the commissioner in his name of office, in trust for the persons entitled thereto. The commissioner shall report to the Legislature annually in his report the names of associations so taken possession of and liquidated and the sums of unclaimed and unpaid dividends with respect to each of them respectively. The commissioner may pay over the moneys so held by him to the persons respectively entitled thereto upon being furnished satisfactory evidence of their right to the same. He may apply the interest earned by the moneys so held by him towards defraying the expenses in the payment and distribution of such unclaimed dividends to the shareholders and creditors entitled to receive the same, and he shall include in his annual report to the Legislature a statement of the amount of interest earned by such unclaimed dividends.

A FURTHER SUPPLEMENT to an act entitled "An act prescribing the liability of an employer to make compensation for injuries received by the employee in the course of employment, establishing an elective schedule of compensation, and regulating the procedure for the determination of liability and compensation thereunder," approved April fourth, one thousand nine hundred and eleven.

Preamble.

WHEREAS, The State Director of Emergency Relief, pursuant to authority vested in him by the emergency relief statutes of this State, has been compelled by economic conditions to abolish the system of "made work" as a method of unemployment relief by which the registered unemployed were paid wages, in money, for services performed upon State, county, and municipal works and projects, and is now devoting the entire energies of his administration and the moneys appropriated thereto to the giving of dependency relief limited to food, fuel, shelter, medical attention, and other necessities of life; and

WHEREAS, In an effort to maintain in some degree individual self-respect, and the general morale of the people, and as a part of the plan of dependency relief, an endeavor is being made, wherever practical, to afford recipients of such relief the opportunity of rendering, voluntarily, some useful service to the State, county, or municipality, as the case may be; and

CHAPTER 109

AN ACT relating to the collection of delinquent
municipal liens.

WHEREAS, The large volume of unpaid municipal
liens is creating such a serious tendency toward
nonpayment of current taxes and municipal liens
that a public emergency demands some plan be
made available to municipalities for the prompt
collection of current taxes and assessments with-
out requiring the immediate payment of arrears;
but such a plan to be helpful must recognize the
need of the property owner to maintain as a
first lien the mortgage encumbrance upon his
property; Now, therefore, in order to en-
courage the owner to use every effort to keep
his property by granting him an opportunity to
pay his present arrears in fixed installments
over a term of years,

Preamble.

BE IT ENACTED *by the Senate and General As-
sembly of the State of New Jersey:*

1. Whenever the governing body of any municipi-
pality of this State shall, by resolution adopted
during the calendar year one thousand nine hun-
dred and thirty-three, declare that it is for the best
interest of its citizens that the provisions of this
act be made available to its property owners, then
all taxes, assessments, tax sale certificates held by
the municipality or other municipal liens in ar-
rears on January first, one thousand nine hundred
and thirty-three, and not yet paid and satisfied,
together with the interest and penalties thereon,
shall, when brought under the provisions of this
act by compliance with section seven of this act,
and subject to the conditions hereinafter set out,
be totalled as of said date; and the payment of

Resolution as
to municipal
liens being
totalled.

Paying in
installments.

such totalled sum shall be spread over a period of five years, and the same shall be payable in monthly or quarterly installments as stated in said resolution commencing August first, one thousand nine hundred and thirty-three, with interest on the several unpaid balances at the rate of seven per centum per annum, payable on the same quarterly dates.

Resolution
filed.

2. A copy of such resolution, certified by the clerk of such municipality, shall be filed in the office of the clerk of the county in which such municipality is located before the provisions of this act shall be applicable therein.

Computing
total arrears.

3. In computing such total of arrears there shall be included, of assessments for local improvement benefits which were payable in installments, only such installments as were in arrears at the date to which the totals were computed, but interest on the entire unpaid balances shall be included.

Apportion-
ment of liens.

4. In computing such total of arrears, any tax, assessment, tax sale certificate held by the municipality or other municipal lien may be apportioned at the request of any party interested, to such parcels of the property affected thereby as may be required by diverse ownership, mortgage lien or otherwise; such apportionment to be upon such equitable basis as may be determined by the collecting official of the municipality on at least five days' notice to all persons other than the applicant interested therein.

Conditions.

5. The right of any person interested in such property to pay such arrears in such installments shall be conditioned on the prompt payment of the installments of taxes of one thousand nine hundred and thirty-three and all subsequent taxes, assessments or other liens imposed or becoming a lien after January first, one thousand nine hundred and thirty-three, including all installments thereafter payable on assessments theretofore levied, and also the prompt payment of all installments of arrears as hereinbefore authorized.

Prompt payment shall consist in making payment thereof within thirty days after the respective due dates.

Prompt
payment.

6. During the period of the extension of time for payment herein provided for, the lien of such arrears shall be suspended, and the amounts thereof shall not be considered as due except as the same become payable in installments under the terms of this act; and the municipality shall have no further right to enforce the payment of such arrears so long as such installment payments shall be made promptly when due as herein provided for, and so long as payment for all subsequent taxes, assessments and other liens shall likewise be made promptly when due.

Liens of
arrears
suspended.

7. The extension of time for payment and the suspension of the lien of existing arrears herein authorized shall not be effective as to any parcel of property until the first half of the nineteen hundred and thirty-three taxes thereon has been paid, together with any assessments for local improvements, or installments thereof, falling due after January first, one thousand nine hundred and thirty-three, and before the date of actual payment of said first half of nineteen hundred and thirty-three taxes.

Extension
of time
effective.

8. In case any such installment of arrears or any new taxes, assessments or other liens are not promptly paid, that is to say, within thirty days after the date when the same is due and payable, then the whole amount of arrears theretofore suspended with interest thereon and penalties shall immediately become due and payable, and the liens thereof be reinstated, and the municipality shall have all the powers of enforcing its liens for such arrears that it would have had if this act had not been passed, and the time of such municipality for any action on its part shall at its option be extended for as much additional time as the period during which this act shall have been in force, as to such arrears.

9. Any arrears payment of which has been extended under this act shall be noted on any official tax search thereafter issued, but shall be noted thereon as "payment extended under laws of one thousand nine hundred and thirty-three; total present balance of extended arrears is \$....., each monthly or quarterly installment amounts to \$..... with interest on the unpaid balance."

Violation.

10. The existence of any extended arrears affecting any property conveyed after this act becomes effective, shall be construed as a violation of any warranty or covenant against encumbrances in such conveyance unless made expressly subject to extended arrears of taxes, assessments or other municipal liens.

Crediting
installments.

11. Any installments of arrears paid under the provisions of this act shall be credited to the arrears oldest in point of time, and the moneys paid shall be so applied; but no entry of payment or satisfaction or cancellation of record of the same, except by way of part payment, shall be made on or in respect to any item of arrears until the same is fully paid with the interest thereon, after which the same shall be satisfied or cancelled or marked paid of record as if this act had not been passed.

Arrears as
security.

12. The municipality shall have no right to make any such arrears the basis of security for any type of municipal obligation, except for renewals of existing obligations and for funding bonds.

Application
to tax sale
certificates.

13. The holders of any outstanding certificates of tax sale shall not as a condition of foreclosure thereof be bound to pay any extended arrears except the respective installments provided for under this act, and no foreclosure of such certificate of sale shall include in the amount required to redeem, any sums paid on such extended arrears in excess of the amount so required to be paid; but this shall not relieve the holder thereof from any contract obligation to pay in full any arrears so extended.

Contract

AN ACT to provide for the investigation and study of wages of women and minors employed in trade and industry in the State of New Jersey; and for the determination and establishment of minimum fair wage standards for such workers; and for the purpose of preventing unfair and oppressive exploitation of such workers; and for other purposes.

Preamble.

WHEREAS, The employment of women and minors in trade and industry in the State of New Jersey at wages unreasonably low and not fairly commensurate with the value of the services rendered is a matter of grave and vital public concern. (Many women and minors employed for gain in the State of New Jersey are not as a class upon a level of equality in bargaining with their employers in regard to minimum fair wage standards, and "freedom of contract" as applied to their relations with their employers is illusory;) and

Preamble.

WHEREAS, Since a very large percentage of such workers are obliged from their week to week wages to support themselves and others who are dependent upon them in whole or in part they are, by reason of their necessitous circumstances, forced to accept whatever wages are offered them. Judged by any reasonable standard, wages are in many cases fixed by chance and caprice and the wages accepted are often found to bear no relation to the fair value of the service rendered. Women and minors employed for gain are peculiarly subject to the overreaching of inefficient, harsh or ignorant employers and under unregulated competition where no adequate machinery exists for the

effective regulation and maintenance of minimum fair wage standards, the standards such as exist tend to be set by the least conscionable employers. In the absence of any effective minimum fair wage rates for women and minors, the constant lowering of wages by unscrupulous employers constitutes a serious form of unfair competition against other employers, reduces the purchasing power of the workers and threatens the stability of industry. The evils of oppressive, unreasonable and unfair wages as they affect women and minors employed in the State of New Jersey are such as to render imperative the exercise of the police power of the State for the protection of industry and of the women and minors employed therein and of the public interest of the community at large in their health and well-being and in the prevention of the deterioration of the race; therefore,

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

In establishing a minimum fair wage for any service or class of service under this act the Commissioner and the wage board without being bound by any technical rules of evidence or procedure (1) may take into account all relevant circumstances affecting the value of the service or class of service rendered, and (2) may be guided by like considerations as would guide a court in a suit for the reasonable value of services rendered where services are rendered at the request of an employer without contract as to the amount of the wage to be paid, and (3) may consider the wages paid in the State for work of like or comparable character by employers who voluntarily maintain minimum fair wage standards.

Mandatory

CHAPTER 169

AN ACT to regulate and control the purchase, distribution and sale of fluid milk and cream and to declare an emergency, and for this purpose to create a State board of milk control, defining its powers and duties and providing penalties for violations.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

DECLARATION OF LEGISLATIVE POLICY AND INTENT

WHEREAS, During the past six months groups of producers of milk in many sections of the United States have joined together and have adopted various means or methods to control the production, sale and distribution of fluid milk, which, in their opinion, would force a better return to the milk producers, and some of the means adopted consisted of milk strikes, refusal to permit milk to be delivered to distributors and consumers, destruction and dumping of milk, and picketing, to prevent the delivery of milk to distributors and consumers; and

Preamble.

WHEREAS, In many communities these methods have been pursued to the extent that the public were denied a sufficient supply of good wholesome milk; and

Preamble.

WHEREAS, In certain sections of this nation nearby markets are not available for the local producer, with the result that fluid milk is being shipped into the State of New Jersey and into the New York and Philadelphia milk sheds at such price that the producers who supply milk to the residents of this State are now unable to receive

Preamble.

such a return for their milk that will reimburse them for the actual cost of production of good clean milk; and

Preamble. WHEREAS, Efforts are now being made to organize the producers in the Philadelphia and New York milk sheds, including the State of New Jersey, so as to restrict or limit the milk supply by picketing or other means, in order to force a higher price for fluid milk. In the event of such results being accomplished, the health of the citizens of this State may be seriously affected. The State of New York recognizing the seriousness of the situation has already enacted into law a measure which they believe will protect the citizens of that commonwealth; and

Preamble. WHEREAS, By reason of the action of the State of New York it becomes imperative that similar precautionary measures be put into effect in this State; therefore,

Purpose. 1. It is declared that the Legislature of the State of New Jersey, in the exercise of the police power reserved to the States in order to protect the public health and welfare of the inhabitants of this State, does hereby declare this act to be an emergency law, necessary for the immediate preservation of the public peace, health and safety.

Reasons. The reason for such necessity is that evils consisting as hereinbefore recited, of unfair, unjust, destructive and demoralizing practices are now being carried on in the production, sale and distribution of milk for human food, which are likely to result in the undermining of health regulations and standards, the demoralization of the agricultural interests of this State engaged in the production of milk, and the creation of conditions inimical to the health of milk consumers. Such conditions have progressed to the point that there is immediate danger not only to the public health, but also to the public peace and safety, and it is the intent of this act to correct those unfair, unjust, destructive and demoralizing practices.

Conditions

health.

Plan submitted.

Creditors made parties.

May assert rights.

Allegations.

1. Whenever, pursuant to the act of which this act is a supplement, the municipal finance commission, hereinafter sometimes referred to as the "commission," shall function in any municipality, then, upon the verified petition of any creditors of such municipality made on behalf of themselves and all other creditors of the municipality for the approval of a plan of adjustment or composition of the claims of all creditors or of a class or classes of them similarly situated, which plan shall be submitted with and made a part of the petition, the Supreme Court by a justice thereof may take jurisdiction of the subject matter and order the filing of the petition in the office of the clerk of the Supreme Court. The municipality and the commission shall be made parties to such proceeding. All creditors of the municipality shall be made parties thereto by notice to be published and given in such manner as the Supreme Court by its justice may direct. Any creditor of the municipality may appear and assert his rights. In the petition the creditors shall allege that the municipality is or will be unable to pay in full according to their terms the claims proposed to be adjusted or composed and perform its public functions and preserve the value of property subject to taxation; that the adjustment or composition proposed in the plan is substantially measured

by the capacity of the municipality to pay, is in the interests of all the creditors affected thereby, and is not detrimental to other creditors of the municipality.

2. In any such proceeding, after hearing on the plan proposed or on the plan as modified by order and if such plan as proposed or modified is approved in writing by creditors representing eighty-five per centum (85%) in amount of the indebtedness affected thereby and by the municipality and the commission, the Supreme Court by a justice thereof may by order authorize and approve such adjustment or composition if the court by its justice determines (1) that the municipality is unable to pay in full according to their terms the claims proposed to be adjusted or composed, and perform its public functions and preserve the value of property subject to taxation, (2) that the adjustment or composition is substantially measured by the capacity of the municipality to pay, (3) that it is in the interest of all the creditors affected thereby, and (4) that it is not detrimental to other creditors of the municipality.

3. The plan of adjustment or composition so authorized and approved shall forthwith and without any further action of any kind be binding upon all the creditors included in such plan, whether or not they appear in such proceeding, and insofar as said plan provides for the substitution of any new bonds, notes, or other obligations of the municipality in place of any outstanding bonds, notes or other obligations or claims then outstanding, such substitution shall be effectual from and after such date as may be fixed in such order.

4. After the institution of any proceeding provided for by this act and pending the determination thereof, the Supreme Court by a justice thereof may by order continue the stay provided by the act of which this act is a supplement. AN Act to provide for the co-operation of this State with the Federal Government and its officers and agencies in effectuating the policies of a statute of the United States entitled "An act to encourage National Industrial Recovery, to foster fair competition, and to provide for the construction of certain useful public works, and for other purposes," approved June sixteenth, one thousand nine hundred and thirty-three, in order to encourage industrial recovery, to reduce unemployment, to foster fair competition, to eliminate unfair competitive practices, by the enactment of legislation of like nature relating to transactions within the State of New Jersey, including those affecting intrastate commerce only; and to declare an emergency.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

State policy
relative to
National Re-
covery Act.

1. The existence in this State of the present acute economic emergency, and the effects and certain causes thereof as declared in section 1 of Title 1 of the act of Congress entitled "An act to encourage National Industrial Recovery, to foster fair competition, and to provide for the construction of useful public works, and for other purposes," approved June sixteenth, one thousand nine hundred and thirty-three, is hereby recognized; and it is hereby declared that said emergency and the causes and effects thereof, as so declared, relate as well to commerce in this State, wholly intrastate in character, as to interstate and foreign commerce and transactions affecting interstate and foreign commerce carried on in this State. It is hereby declared to be the policy of

this State to co-operate with the Congress of the United States in the furtherance of the objects and purposes declared in said act of Congress, and each and every provision of this act shall be construed in accordance with the policy so declared, and in no wise so as to conflict with any of the provisions of said act of Congress or with any action of the President of the United States or any other Federal agency lawfully taken in pursuance of said act.

2. To effectuate the policy of this act, the Governor is authorized to delegate all or any part of the powers and functions hereby vested in him to any officer or officers, department or departments, commission or commissions, or other agency or agencies of the State government, and to accept and utilize such voluntary and uncompensated services as he may find necessary, and to prescribe their authorities, duties and responsibilities. The consent of the State is hereby given, upon the written approval of the Governor, to the utilization by the President of the United States of the services of such State and local officers and employees as the President may find necessary. The Governor, or agency to whom the Governor may delegate any of his functions and powers under this act, may call upon any agency maintained by the State or by any educational institution supported in whole or in part by State funds, or upon any officers or employees of any county, municipal corporation, or body politic in this State for aid in carrying out his or its functions under this act.

Delegation of powers.

State's consent.

3. Anything in the common law or statute law of this State with respect to contracts in restraint of trade or commerce, or of competition, to the contrary notwithstanding, it shall be lawful:

Contracts in restraint of trade.

(a) For any persons, members of one or more trade or industrial associations or groups, to meet, confer and agree upon a code or codes of fair competition for the trade or industry, or subdivision thereof, represented by them. When and if any such code shall have been approved by the Presi-

Codes of fair competition.

dent of the United States, pursuant to section 3 (a) of Title 1 of the National Industrial Recovery act aforesaid, and a copy thereof, including any conditions imposed by the President and any exceptions and exemptions from the provisions thereof, approved by the President, and duly certified or otherwise exemplified by the President, or such officer or agency as the President has or shall designate for the purpose, shall be filed with the Governor, the provisions thereof shall be the standard of fair competition for such trade, or industry, or subdivision thereof, and for all persons engaged therein in this State, as regards intrastate commerce therein and whether or not affecting interstate or foreign commerce, and such code or codes when so approved and with such conditions, exceptions and exemptions, and any action taken on compliance therewith, shall be lawful.

Codes for
intrastate
commerce;

(b) In case any code or codes of fair competition agreed upon pursuant to paragraph (a) of this section shall affect intrastate commerce in this State only, and not be subject to the approval of the President by virtue of section 3 (a) of Title 1 of the National Industrial Recovery act, as in said paragraph set forth, then and in such case, upon the application to the Governor by one or more State trade or industrial associations or groups, the Governor may approve any such code or codes of fair competition in intrastate commerce in this State for the trade or industry or subdivision thereof, represented by the applicant or applicants, if the Governor finds:

Admissions
to membership;

(1) That such association or groups impose no inequitable restrictions on admission to membership therein, and are truly representative of such trades or industries or subdivision thereof;

Codes
consistent;

(2) That such code or codes are consistent with any like code or codes approved or prescribed by the President, pursuant to Title 1 of the National Industrial Recovery act aforesaid, for trades, industries or subdivisions thereof, carrying on busi-

ness in this State, due regard, however, being had for local conditions and local customs; and

(3) That such code or codes are not designed to promote monopolies or eliminate or suppress small enterprises, and will not operate to discriminate against them, and will tend to effectuate the policy of this act. The Governor may, as a condition of his approval of any such code, impose such conditions (including requirements for the making of reports and the keeping of accounts) for the protection of consumers, competitors, employees and others, and in furtherance of the public interest, and may provide such exceptions to and exemptions from the provisions of such code, as the Governor in his discretion deems necessary to effectuate the policy of this act. If the Governor shall find that any such code affects the services and welfare of persons engaged in other steps of the economic process, he shall, before approving the same, afford to such persons an opportunity to be heard.

Do not
promote
monopolies;

State code
of fair
competition.

(d) Upon his own motion, or if complaint is made to the Governor that abuses inimical to the public interest and contrary to the policy herein declared are prevalent in any trade or industry, or subdivision thereof, and if no code of fair competition therefor has been theretofore approved by the President of the United States, the Governor, after such public notice and hearing as he shall specify, may prescribe and approve a code of fair competition in intrastate commerce for such trade or industry, or subdivision thereof, which shall have the same effect as a code of fair competition approved by the Governor under subsection (b) of this section.

Conditions of

4. Every code of fair competition, approved or prescribed, and every agreement entered into under this act, shall contain the following conditions:

(1) That employees shall have the right to organize and bargain collectively through representatives of their own choosing, and shall be free from the interference, restraint or coercion of employers of labor, or their agents, in the designation of such representatives or in self organization or in other concerted activities for the purpose of collective bargaining or other mutual aid or protection;

The approval of any such code by the President, and filed as provided in section three of this act, or the approval of the Governor as therein provided, shall be prima facie evidence of the reasonableness and fairness of the provisions thereof. Nothing in this section contained, however, shall in any wise affect the criminal liability for violations of such codes, agreements, licenses, rules or regulations.

License.

7. Whenever the Governor shall find that destructive wage or price cutting or other activities contrary to the policy of this act are being practiced in any trade or industry or any subdivision thereof, carried on in this State, and, after such public notice and hearing as he shall specify, shall find it essential to license business enterprises in order to make effective a code of fair competition under this act, or otherwise to effectuate the policy of this act, and shall publicly so announce, no person shall, after a date fixed in such announcement, engage in or carry on any business, in or affecting

intrastate commerce, specified in such announcement, unless he shall have first obtained a license issued pursuant to such regulations as the Governor shall prescribe.

The Governor may sustain or revoke any such license after due notice and opportunity for hearing, for violations of the terms or conditions thereof. Any order of the Governor sustaining or revoking any such license shall be final if in accordance with law. Any person who, without such a license or in violation of any condition thereof, carries on any such business for which a license is so required, shall, upon conviction thereof, be fined not more than \$500.00 or imprisoned not more than six months, or both, and each day such violation continues shall be deemed a separate offense.

Emergency
measure.

10. This act is hereby declared to be an emergency measure necessary for the immediate preservation of the public welfare, peace, health and safety. Individuals, corporations, etc.	The Authority shall have like power and authority

to negotiate and enter into contracts, in the form and with the force and effect provided in sections three hundred three, three hundred five, and three hundred seven of this act, with persons or corporations engaged in public or private industry (hereinafter called "industry" or "industries") within the Hackensack River Sewerage District who or which shall be found to be discharging directly into the Hackensack river or its tributaries, any sewage which cannot conveniently be disposed of through the sewer system of any municipality or private sewer company.

206. When and if the Authority shall have entered into contracts with municipalities and private sewer companies pursuant to the next preceding section and section three hundred three of this act which in its judgment will assure the annual delivery and discharge into the district sewer system of an amount of sewage equal to or in excess of the amount of sewage estimated in the detailed project report in accordance with subdivision D of section two hundred two of this act, the Authority shall with all practicable speed commence and proceed with the construction and acquisition of the district sewer system.

To acquire district sewer system.

207. The Authority shall have full discretion in the determination of the size, capacity, route and location of all trunk, intercepting and outlet sewers, pumping and ventilating stations, treatment plants or works or other plants and structures, and is hereby empowered to proceed with the construction and/or acquisition of the district sewer system, and to commence the operation thereof, in such sections or parts of the whole and at such time or times as the Authority may deem proper or expedient and consistent with the plan or purpose of this act.

The Authority shall have full power and authority to acquire such lands or rights and interests in lands by condemnation, in the manner provided by the act entitled "An act to regulate the ascertainment and payment of compensation for property condemned or taken for public use" (Revision of 1900), approved March twentieth, one thousand nine hundred, being chapter fifty-three of the laws of one thousand nine hundred as amended and supplemented; *provided*, if in case the payment of compensation upon the award of commissioners for property taken for the purposes of this act shall have been made or tendered to the owner or owners thereof or, in lieu thereof, shall have been made to the clerk of the county in which the lands affected are located, for the use of the person or persons entitled to receive the same, the Authority shall be entitled forthwith to take possession of the property so condemned notwithstanding the taking of any appeal, and the acceptance, by the owner or owners of the property so condemned, of any award of commissioners, shall not prevent the taking of any appeal provided by law.

209. The Authority shall have full power and authority in its discretion, at any time, and from time to time, after it has become authorized under this act to proceed with the construction of the district sewer system, to take over and acquire in accordance with the provisions of section two hundred eight of this act, any existing plant or plants for the treatment or disposal of sewage, or any part thereof, in either municipal, public or private ownership, and to operate the same either temporarily or as a permanent part of the district sewer system.

210. The title to all property, real and personal, acquired to effectuate the purposes of this act shall be vested in the Hackensack River Sewerage Au-

212. Each and every municipality, private sewer company or industry which shall enter into a contract with the Authority as provided in section three hundred three of this act shall, upon notice from the Authority, permit its sewer or drainage system or the outfall thereof to be connected with the district sewer system at such point or points as the Authority may designate, the said connection to be so made or constructed as to deliver and discharge into the district sewer system the sewage arising within or collected or caused by such municipality, private sewer company or industry, as the case may be.

213. Upon the acquisition or completion and acceptance of any sections or parts of the district sewer system the Authority shall, as soon as may be practicable, cause the same to be put into operation, and shall operate, repair, and maintain the district sewer system and any additions thereto and extensions thereof so as to effectuate and carry out the plan and purposes of this act.

Operating
system.

214. The Authority shall make and keep permanent records of the amounts of sewage delivered and discharged into the district sewer system by each and every municipality, private sewer company and industry, during the period beginning at the commencement of operation of the said system and ending on the last day of the next ensuing month of October, and, during each and every yearly period thereafter, beginning on the first day of November and ending on the last day of the following October.

Records kept.

May change
rates.

215. After the commencement of operation of the district sewer system, the Authority may prescribe and change from time to time rates to be charged for the discharge and disposal of sewage through the said district sewer system. Said rates shall be prescribed and from time to time revised as hereinafter provided, so that the district sewer system shall be and always remain self-supporting with earnings sufficient to provide for all expenses of operation, maintenance, depreciation and repair and the payment of the principal and interest of any bonds issued pursuant to this act, so as to prevent the accrual of any deficit.

Fiscal
year.

216. The first fiscal year of the Authority shall begin on the day estimated by the Authority as the day upon which the district sewer system will be completed and put into operation. Each fiscal year thereafter shall begin on the corresponding date in each subsequent year.

Time and
method of
fixing rates.

217. On or before the first day of December of the last calendar year ending at least eight months prior to the beginning of the first fiscal year, and on or before the first day of December in every year thereafter, the Authority shall calculate the rate in dollars per million gallons, upon which are to be based the payments to be made to it during the next fiscal year beginning at least nine months thereafter, under any contracts made pursuant to section three hundred three of this act. Said rate shall be calculated by dividing the number of dollars which the Authority estimates will be required (in addition to any funds on hand applicable to such purposes) during such fiscal year for payments of principal and interest of any of the bonds or other obligations authorized by this act and for the cost of the operation, maintenance, depreciation and repair of the district sewer system, by the number of millions of gallons of sewage delivered and discharged into the district sewer system during the yearly period ending on the last day of the month of October next preceding such first day of December, the resulting quotient being the rate in dollars per mil-

lion gallons. In any year in which the district sewer system shall not have been completed and in operation for a full year prior to such last day of October, the number of millions of gallons of sewage to be used in calculating said rate shall be the number of millions of gallons of sewage which the Authority at such time estimates will be delivered and discharged during the first full year of operation of the district sewer system. The provisions of this section and of section two hundred fifteen, and of section two hundred nineteen shall be deemed a contract between the Authority and the holders of all bonds or other obligations authorized by this act and shall be enforceable by appropriate proceedings at law or in equity.

218. The Authority shall make and keep permanent records of the rate in dollars per million gallons calculated by it in each and every year pursuant to the next preceding section.

Record kept.

219. On or before the twentieth day of December in any year in which the Authority shall calculate any rate in dollars per million gallons pursuant to section two hundred seventeen, the Authority shall calculate and certify to each and every municipality, private sewer company and industry, which shall have entered into a contract pursuant to section three hundred three of this act, the amount of money which it shall be required to pay to the Authority during the ensuing calendar year, under the terms and provisions of the contract so entered into by it. Such amount shall be calculated by the Authority by multiplying the number of millions of gallons of sewage delivered and discharged into the district sewer system by the municipality, private sewer company or industry, during the yearly period ending on the last day of the preceding October as shown by the records of the Authority, by the rate in dollars per million gallons most recently calculated by the Authority pursuant to section two hundred seventeen; *provided, however*, that if the terms and provisions of the contract so entered into by the municipality, pri-

vate sewer company or industry require payments to the Authority, calculated at any higher rate previously calculated by the Authority, then the rate to be used by the Authority in calculating such amount to be paid to it shall be such higher rate; *provided, however*, that if the terms and provisions of the contract so entered into by the municipality, private sewer company or industry require payment of any other or different amount to the Authority, then such other or different amount shall be fixed and determined by the Authority pursuant to the contract and shall be certified to such municipality, private sewer company or industry as hereinabove provided; *provided, however*, that if the terms and provisions of the contract so entered into by any industry require payments to the Authority of a further amount in addition to the amount of money calculated as hereinabove provided, then such further and additional amount shall be fixed and determined by the Authority and added to the amount calculated by it as hereinabove provided and the sum of such amounts shall be certified to such industry as hereinabove provided. In any year in which any municipality, private sewer company or industry shall not have used said district sewer system for a full year prior to such last day of October the number of millions of gallons of sewage to be used in calculating the amount which such municipality, private sewer company or industry shall pay to the Authority shall be the number of millions of gallons which the Authority at such time estimates will be delivered and discharged by such municipality, private sewer company, or industry during the first full year of operation of the district sewer system. In the event that any part or parts of the district sewer system shall be put into operation prior to the beginning of the first fiscal year the Authority shall certify from time to time to the municipalities, private sewer companies or industries which may discharge sewage into said part or parts prior to the first fiscal year an amount or amounts which in the case

For the purpose of assuring to the Authority money to pay its costs and expenses in preparing the project report mentioned and described in sections two hundred one and two hundred two of this act and in doing all other acts and things authorized by this act, or which the Authority shall deem necessary and proper to carry out its terms, up to the time of the commencement, and not including the construction and/or acquisition, of the district sewer system, the counties wherein are situated municipalities comprising part of the Hackensack River Sewerage District shall be and hereby are authorized and empowered by resolution of the boards of chosen freeholders of such counties to enter into and to carry out and perform a contract one with the other and with the Authority as hereinafter provided.

303. Any municipality with which the Authority is authorized to contract under the terms and provisions of section two hundred five of this act shall have power, by ordinance of the body or board, by whatsoever name it may be known, having charge of the finances of said municipality (hereinafter called "governing body"), to enter into and execute by its proper officials a perpetual contract, as hereinafter provided, with the Hackensack River Sewerage Authority, for the disposal of all or any specified part of the sewage arising or collected in or by such municipality, and such contract shall be valid and binding upon the municipality notwithstanding that no appropriation was made or provided to cover the estimated cost of such contract, and the governing body of the municipality shall have full power and authority to do and perform all acts and things on the part of the municipality to be done and performed under the terms and provisions of such contract. Any private sewer company or industry shall likewise have power to enter into a contract with the Hackensack River Sewerage Authority for the disposal of its sewage or the sewage collected or discharged by it.

Form of
contracts.

304. The contracts of the Authority with municipalities, private sewer companies and industries authorized by the next preceding section shall be in form to be prescribed by the Authority, shall upon execution be filed with the Authority and shall provide in substance that the contracting municipality, private sewer company or industry shall, in the manner and at the time and place within the Hackensack River Sewerage District to be designated by the Authority, permit the Authority to connect the sewer or drainage system of such municipality, private sewer company or industry or the outfall thereof with, and thereafter deliver and discharge all sewage arising within it or collected by it into, any trunk or other sewer system or treatment

plants or other plants or structures that the Authority may specify and shall pay quarterly as defined in such contract to the Authority, for the services thus rendered or to be rendered to it in the disposal of such sewage, the sum of money which has theretofore been calculated and certified to it by the Authority as provided in section two hundred nineteen of this act and shall contain such other provisions as to the rights and powers of the Authority and the duties and liabilities of the contracting municipality, private sewer company or industry in the event that such sums of money are not paid as provided in such contract or in the event of other default under such contract on the part of such municipality, private sewer company or industry as may be prescribed by the Authority, including without limitation provisions empowering the Authority to refuse to permit such contracting municipality, private sewer company or industry to discharge into the district sewage system the sewage arising or collected in or by such contracting municipality, private sewer company or industry; *provided, however*, that if any such contract is made between any municipality, private sewer company or industry and the Authority, at a date subsequent to the time of the commencement of the operation of the section or part of the district sewer system into which, in the event that said contract had been entered into at or prior to the time of the commencement of such operation, the contracting municipality, private sewer company or industry could have been required by the Authority to deliver and discharge the sewage arising within or collected by it, then the contract shall further provide in substance that the Authority shall compare past rates in dollars per million gallons as fixed by the Authority pursuant to section two hundred nineteen with current rates fixed pursuant to said section as follows: the past rate fixed pursuant to section two hundred nineteen for the first fiscal year of operation of such section or part of the district sewer system with the current rate fixed pursuant

to section two hundred nineteen for the first fiscal year for which such municipality, private sewer company or industry shall be required to make payments to the Authority, under its contract, and the past rate for the second and each subsequent fiscal year of operation of such section or part with the current rate for the second and each corresponding subsequent fiscal year for which such municipality, private sewer company or industry shall be required to make payments under its contract; and shall further provide in substance that the municipality, private sewer company or industry shall be required to pay the higher of the two rates so compared for such first, second, or subsequent year for which such municipality, private sewer company or industry shall be required to make payments under its contract.

305. The contracts authorized by section three hundred three of this act shall, if one of the parties thereto is an industry, provide further in substance that, if the sewage arising within or caused or collected by such industry is or shall thereafter become of a nature, composition or type injurious or deleterious to the district sewer system or not safely or conveniently to be disposed of through the ordinary facilities of the district sewer system, then the industry shall, if possible, and when and in the manner requested by the Authority, segregate off the objectionable matter and/or shall pay annually to the Authority, in addition to the sums of money to be calculated as hereinabove provided, a sum of money calculated by the Authority as amply sufficient to reimburse it for the annual cost of operation, maintenance, depreciation and repair, and, within ten years, for the cost, together with interest thereon, of the construction or acquisition, of any special or extraordinary equipment, sewers, treatment plants or other plants and structures, constructed or acquired by the Authority in order so to treat the objectionable matter as to render it not injurious or deleterious to the district sewer system and to make it safe and convenient to dis-

pose of the same through the district sewer system or to discharge it into the Hackensack river or its tributaries.

306. Each contract authorized by section three hundred three shall, if one of the parties thereto is a municipality, further provide in substance that said municipality shall in each year make provision for all payments to become due from it to the Authority, by requiring of all users of the sewers within its boundaries which shall empty directly or indirectly into said district sewer system, gallonage, fixture or other service charges, sufficient in amount to meet such payments to the Authority, which shall be known as "district sewerage charges". Such gallonage, fixture or other service charges shall be payable quarterly by such users in advance of the quarterly periods of the Authority to which they are applicable and in advance of the date when such payments become due from the municipality to the Authority. At the time of the preparation of the annual budget in each year such charges shall be fixed at such rates as, with any sums of money previously so provided and remaining in the hands of the municipality, will amply provide for all payments to become due to the Authority during the fiscal year of such municipality. Such gallonage, fixture or other service charges shall constitute liens upon the property receiving the service, ranking equally with liens for local taxes, so far as permitted by law, and enforceable by the municipality in the same manner as such tax liens.

306 a. Any municipality entering into a contract with the Authority as provided by section three hundred three is hereby empowered to establish by ordinance charges for local sewerage service, in addition to those provided by section three hundred six, in the form of gallonage, fixture or other service charges to cover the annual cost of maintenance of the local sewerage system, the cost of collection of the service charges and the interest and principal payments on indebtedness of such municipality outstanding from year to year incurred for the con-

Such additional service charges shall be known as "local sewerage charges" and shall constitute liens upon the property receiving the service, ranking equally with liens for local taxes, so far as permitted by law, and enforceable by the municipality in the same manner as such tax liens and shall be subject to the same penalties for failure to pay on the date or dates fixed for such payments, as are provided for the district sewerage charges by section three hundred twelve.

The contracts authorized by section three hundred three of this act may further provide, either in connection with or in addition to or as a substitute for the provision thereof prescribed by section three hundred four as to payments to be made by the contracting municipality, private sewer company or industry to the Authority, in substance that such contracting municipality, private sewer company or industry shall pay quarterly as defined in such contract to or upon the order of the Authority a sum or sums of money specified in such contract or otherwise determined in such contract by a limitation or limitations upon the cost of the construction of the proposed district sewer system as defined in subdivision E of section two hundred two or by provisions prescribing such minimum or maximum limits respecting the use and/or discharge into the district sewer system to be made and/or paid for by the contracting municipality, private sewer company or industry or such minimum or maximum limits respecting the rate or rates or charge or charges to be made by the Authority for the services rendered or to be rendered by it or such minimum or maximum limits, respecting any one or more of the above or any other matters as may be agreed upon by the parties to such contract, and shall further provide in substance that such contracts shall become null and void and

308. The Authority shall have power and is hereby authorized from time to time to issue its negotiable bonds. Such bonds shall be authorized by resolution of the Authority and shall be issued in one or more series, shall bear such date or dates, mature at such time or times, not exceeding forty years from their respective dates, bear interest at such rate or rates, not exceeding six per centum (6%) per annum, payable semiannually, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution or subsequent resolutions may provide. Such bonds may be sold at public or private sale for such price or prices as the Authority shall determine, *provided*, that the interest cost to maturity of the money received for any issue of such bonds shall not exceed six per centum (6%) per annum. Neither the members of the Authority nor any person executing said bonds shall be liable personally on said bonds or be subject to any personal liability or accountability by reason of the issuance thereof. In the event that the Authority shall default in the payment of principal of or interest on any of the bonds authorized by this act after the same shall become due, whether at maturity or upon call for redemption and such default shall continue for a period of thirty days, or in the event that the Authority shall fail or refuse to comply with the pro-

Such trustee may, and upon written request of the holders of twenty-five per centum (25%) in principal amount of said bonds then outstanding shall, in his or its own name: by mandamus or other suit, action or proceeding, at law or in equity enforce all rights of the said holders, including the right to require the Authority to receive or otherwise enforce the pledge of the sums of money to be received by the Authority under its contracts entered into pursuant to section two hundred five and to enforce said contracts and to require the Authority to carry out any other agreements with said holders and to perform its duties under this act; bring suit upon the said bonds; by action or suit in equity, require the Authority to account as if it were the trustee of an express trust for the said holders; by action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the said holders; declare all bonds due and payable. Any seized property shall be returned to any person claiming the same upon execution and delivery by him to the commissioner of a bond in a form and with sureties satisfactory to the commissioner in a sum double the retail value of the property, as appraised by the commissioner, conditioned, (1) to pay to the commissioner for the use of the State the full retail value of said property in case the same shall appear to have been unlawful property, and (2) in case it shall appear that said property was not unlawful property, to pay such part of the retail value thereof as may represent the value of the outstanding right, title, interest, lien or claim of any other person, to such other person, which bond shall be enforceable, as other obligations for payment of money, by civil action in any court of competent jurisdiction, first by the commissioner, to be instituted within one year from the date thereof, and, secondly, by such other person as third party beneficiaries, at any time after final judgment in such action by the commissioner, or after the expiration of said year in case no such action shall have been instituted by the commissioner in the meantime. The commissioner shall cause an advertisement of all seized property, with a description thereof, to be published in a newspaper, printed in the English language, published and circulating in the municipality wherein the property was seized, or if there be no such newspaper in said municipality then in a newspaper printed in the English language published and circulating in the county where said property was seized, once a week for two weeks successively commencing within ten days after said seizure, and shall cause notice of such seizure, with a description of the property, to be posted in three public places convenient to the place of seizure, including, if reasonably possible, the premises, building or place from which the seized property was taken, within ten days from the date of such seizure. No person bona fide having a title, lien or other right or interest in any unlawful property other than illicit beverages and unlawful property suited to the manufacture, sale, distribution, storage or transportation of alcoholic beverages, and no other purpose, shall be deprived by reason of this act of such title, lien or other right or interest unless it shall appear that such person had knowledge of the unlawful use to which such property was put or a knowledge of such facts and circumstances as would have led a person of ordinary prudence to discover such use, or unless such person having either such knowledge shall have failed to report said knowledge to the commissioner, and furnished the commissioner a notice of said title, lien or other right or interest within a reasonable time. The right of the commissioner shall be subject to the title, lien or other right or interest as existing at the time of seizure of the property and shall be saved to the innocent party having such title, lien or other right or interest, as follows: Such innocent party shall, at any time before sale of the seized property by the commissioner file with him a statement setting forth the nature of the title, lien or other right, or interest so held and the amount or value thereof. The validity of said title, lien or other right or interest, and the right of the person asserting the same to preference and payment hereunder and the amount or value thereof shall thereupon be established by such person to the satisfaction of the commissioner or established by a suit against the commissioner for the recovery of such amount or value, not exceeding the net proceeds of sale after deduction of the expense of the seizure and sale, including storage and all court costs, in a court of competent jurisdiction, to be instituted within thirty days after the sale of said property by the commissioner and not thereafter. Such amount or value, so established, shall thereupon be paid to such innocent person out of the net proceeds of sale by the commissioner; *provided, however*, that the commissioner may, prior to a sale

All sales by the commissioner shall convey the commissioner's right, title and interest which shall be that of sole and absolute ownership, free and clear of all outstanding title, rights, interest and liens, which outstanding title, rights, interest and liens shall in the cases herein provided, be transferred and attached to the proceeds of sale to be availed of as herein provided, but otherwise shall be extinguished and void. Any magistrate may, upon showing of facts tending to establish the right of the commissioner to sell or destroy any seized property, and upon such notice, if any, in the discretion of the magistrate, as the circumstances of the case may admit, make an order for sale or destruction hereunder. In case any alcoholic beverage shall be subject to be destroyed hereunder, any magistrate may, in lieu of ordering such destruction, direct the State Department of Health to analyze such alcoholic beverage, and upon being satisfied by the certificate of the State Department of Health or otherwise, that the alcoholic beverage is of a standard suitable for medicinal purposes, may order that the same be retained by the commissioner for the use of State institutions and all free hospitals. This provision is intended to apply to such contingencies as where a licensee shall have stock on hand at the expiration of his license and cannot otherwise lawfully dispose of it, or where a licensee dies having such stock on hand and the license expires before the alcoholic beverages are disposed of by his personal representative, or in the case of the foreclosure of a chattel mortgage covering alcoholic beverages. The sum as certified by the State Comptroller for the State road tax for the year nineteen hundred thirty-three shall be taken as the amount apportioned to the several counties for collection from the several municipalities for State road tax purposes for nineteen hundred thirty-three. The State Treasurer is hereby directed to turn over the sum of one million one hundred seventy-two thousand three hundred forty-nine dollars and eighty-seven cents aforesaid to the State Highway Sinking Fund as a proportionate credit to the several counties against the State road tax as assessed and levied in such counties. CHAPTER 444

AN ACT to establish a State housing authority and defining its functions and powers.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. This act may be known and designated as "The Housing Authority Law." Official name.

2. Legislative Finding. It is hereby found and declared as follows: Findings:

A. That congested and insanitary housing conditions which exist in certain municipalities in this State are a menace to the health, safety, morals, welfare and reasonable comfort of the citizens of this State. Conditions menacing health, etc.;

B. That such congested and insanitary housing conditions constitute social and economic liabilities and should be eradicated. Eradication;

C. That adequate and sanitary housing is not sufficiently provided through private enterprise for families of low income. Insufficient housing;

D. That the adequate correction of these conditions of congested, insanitary and inadequate housing facilities cannot at present be brought about by public housing corporations alone as provided for by an act of the Legislature of the State of New Jersey entitled "An act to provide for the incorporation of public housing corporations, the regulation thereof, the supervision of the construction, operation, maintenance and renting of all housing projects and community facilities to be erected and furnished by said corporations, and to fix, limit, supervise and regulate the capital structure, income, dividends and management of such corporations," approved March twenty-third, one thousand nine hundred thirty-three, being chapter seventy-eight of the laws of one thousand nine hundred and thirty-three. Law inadequate;

New buildings, etc., necessary;	E. That it is essential that provision be made for the investment of public funds at low interest rates, the acquisition at fair prices of adequate parcels of land in such municipalities where such conditions exist, the gradual demolition of existing insanitary and unsafe housing conditions and the construction of new housing and other community facilities in such municipalities, under public supervision in accord with proper standards of sanitation and safety and at a cost which will permit monthly rentals which families of low income can afford to pay and not in excess of the rates to be fixed hereunder.
Low rentals sought;	
Emergency measure;	F. That this act is an emergency act necessary for the immediate preservation of the public peace, health, safety and general welfare and economic improvement of the inhabitants of the State of New Jersey. The necessity for the immediately effective date of this act lies in the fact that there is a demand in congested sections of New Jersey for housing for families of low income and for the reconstruction of slum areas, and in the fact that no existing laws of the State of New Jersey provide for the organization and operation of a Public Housing Authority as contemplated in the National Industrial Recovery Act which would enable New Jersey to secure grants and loans from the United States Government for the purpose of providing for slum-clearance and housing of families of low income, whereas such laws are in existence in other states and such legislation is under consideration in still other states, which will enable such states to obtain a grant and borrow money from the United States Government. Such funds secured from the United States Government by Public Housing Authorities will make possible the immediate beginning of building projects which will furnish employment to New Jersey citizens.

CHAPTER 6

A SUPPLEMENT to an act entitled “An act concerning unpaid taxes, assessments and other municipal charges on real property, and providing for the collection thereof by the creation and enforcement of liens thereon” (Revision of 1918), approved March fourth, one thousand nine hundred and eighteen.

- Preamble.** WHEREAS, The municipalities of this State are in financial distress and cannot pay their employees, their county and State taxes, meet their contracts for materials and supplies, and are defaulting on their bonds and other obligations, because they cannot collect the taxes assessed against real property and due to the municipalities; and
- Preamble.** WHEREAS, The only remedy to collect delinquent taxes against real property is by a tax sale thereof on and after July first following the year in which such taxes become due and payable, and this is inadequate because the purchaser at the tax sale cannot go into possession of the property and collect the rents and income therefrom, and, therefore, there is a lack of buyers, and the property is struck off to the municipality and the taxes remain unpaid; and
- Preamble.** WHEREAS, The owners and mortgagees in possession of income-producing real property are taking advantage of the present situation and are using the income from their properties for other purposes than to pay their taxes; and
- Preamble.** WHEREAS, An emergency exists that makes it necessary to provide immediate and additional remedy for collecting delinquent taxes from the owners of income-producing real property, who are able to pay their taxes but refuse or neglect to do so; therefore,

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. That at any time after any taxes or any installment thereof heretofore or hereafter levied and assessed against real property in any municipality shall have been delinquent for more than six months and remain due and unpaid, the collector or other officer charged with the collection of taxes in such municipality, hereinafter designated the "collector," may, by and with the approval of the governing body of such municipality, and upon five days' notice to the owner, make application to the Court of Chancery by bill or petition to be appointed receiver ex officio of the rents and income of such real property for the purpose of collecting and satisfying out of such rents and income the delinquent taxes against such real property, together with the penalties, interest and costs, and such costs and expenses of the receivership as may be adjudged by the court. Such receiver shall not be required to give bond other than his official bond, and shall be appointed only for the purpose of collecting and satisfying the delinquent taxes, penalties, interest and costs and expenses as aforesaid.

Encumbrances.

The bill or petition shall be verified, and shall be prima facie evidence of the facts therein stated.

In the event that it is made to appear to the court that the owner or any person interested in such real property has filed an appeal from or is contesting the taxes assessed and levied against such real property, the court shall limit the amount of taxes to be collected by the receiver to the portion of such delinquent taxes which are not in substantial dispute and, if the parties are unable to agree upon the amount thereof, same shall be ascertained by the court directly or by reference to a master, and an order shall be made to stay the collection of the disputed portion of the taxes until the final determination of the proceedings to review said taxes. Thereupon, in the event that such appeal or contest shall be sustained to any part or all of such taxes so collected, the court shall order the collector to pay back and return to such owner or person interested in such real property, such part or all of such taxes so collected to which appeal or contest has been sustained, and in the event that such appeal or contest is not sustained, then the receiver shall proceed to collect from such rents and income any uncollected portion of such delinquent taxes, penalties, interest, and costs and expenses as aforesaid.

ments.

4. In all cases where a receiver is in possession of such real property by appointment of the court in a mortgage foreclosure suit or in any suit wherein a receiver is charged with the collection of the rents and income of such real property, and the owner or any person interested therein or the receiver thereof shall fail or refuse to make proper payments to the collector upon delinquent taxes against such real property or delinquent taxes for which such real property has been sold, including penalties, interest and other charges and costs, the collector, at any time during the pendency of any such suit, may intervene by verified petition in such suit and apply to the court for such order or orders as the court may deem proper for the payment of such delinquent taxes, penalties, interest and other charges and costs, in accordance with the priority of lien and right of such taxes, penalties, interest and other charges and costs, as is by law provided for other liens, rights and interests.

Additional
remedy.

5. The remedy of collecting delinquent taxes herein provided for shall not be in lieu of or in derogation of any other remedy or remedies for the collection of delinquent taxes, but shall be in addition to all other remedies for such collection.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

In accordance with a proclamation recently issued by the President of the United States, I wish to urge that the people of this State make the forthcoming Fire Prevention Week—October 9-15, 1932—“an occasion of special significance” and that they endeavor to effect “a reduction of at least fifty per cent” in the present rate of fire destruction during the ensuing twelve months.

In the State of New Jersey this would mean a saving of many lives, chiefly of women and children, which now constitute a distressing and unnecessary sacrifice to fire. It would also preserve from waste approximately seventeen million dollars of the State’s material resources—a matter of large importance under present conditions.

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, by authority in me vested do designate and proclaim the period from

OCTOBER 9TH TO 15TH
as
FIRE PREVENTION WEEK

To this end, I urge that local officials and organizations in every community promptly unite upon specific programs of cooperation, in order to discover and correct existent fire hazards, promote measures of public and private fire protection, extend instruction in fire prevention among adults as well as school children, and arouse the people generally to the need for habits of greater carefulness.

(1319)

If this be undertaken without delay and earnestly carried out throughout the year, the result cannot fail to be a large contribution to public welfare.

[SEAL] Given, under my hand and the Great Seal of the State of New Jersey this twenty-fourth day of September, in the year of our Lord one thousand nine hundred and thirty-two, and in the Independence of the United States the one hundred and fifty-seventh.

A. HARRY MOORE,
Governor.

By the Governor:

THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Joint Resolution No. 3, P. L. 1932, directs the Governor of New Jersey to proclaim October eleventh of each year as General Pulaski's Memorial Day, for the observance and commemoration of the death of Brigadier General Casimir Pulaski.

It seems to me especially appropriate that the first proclamation should be issued in the year when we are celebrating the George Washington bi-centennial. Throughout the year our attention has been directed to the life and services of the great General and to the debt which we owe to him and his compatriots. While we can not render too much honor to those colonists who fought and suffered that our nation might exist, we can likewise never be sufficiently grateful to those valiant heroes from other lands who gave of their services and their lives in the War for Independence.

Conspicuous among them was the heroic Polish officer, Brigadier General Casimir Pulaski. He was rich in those qualities which distinguish the Polish race,—a burning love of liberty, a passion for justice, and sympathy for the oppressed, coupled with an indomitable fighting spirit. Generously and valiantly he rallied to the cause of the struggling Colonies, and in this great cause, on October 11, 1779, this noble Polish officer laid down his life, dying from wounds received at the siege of Savannah, Georgia.

In this, the first proclamation which has been authorized in commemoration of this event, I want to call public attention to his services and to his heroic death.

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, do hereby proclaim

TUESDAY, OCTOBER ELEVENTH,

as

GENERAL PULASKI'S MEMORIAL DAY,

and I call upon officials of the State, county and local governments to display the flag of the United States on all governmental buildings on this date. I also suggest that this anniversary be commemorated by appropriate exercises in the schools, churches and other suitable places, and that acknowledgment be publicly made of the great service which this gallant officer rendered our land in the dark days of the American Revolution.

Given under my hand and the Great
[SEAL] Seal of the State of New Jersey, this eighth day of October, in the year of Our Lord one thousand nine hundred and thirty-two, and in the Independence of the United States the one hundred and fifty-seventh.

A. HARRY MOORE,
Governor.

By the Governor:

THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, It appears to me that public necessity requires the convening of the Senate of the State of New Jersey in special session,

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, in and by virtue of the power vested in me by Article V, Paragraph 6, of the State Constitution, do hereby convene the Senate of this State to meet in special session at the State House, Trenton, New Jersey, on Tuesday, the eighteenth day of October, A. D. 1932, at two o'clock P. M.

Given under my hand and the Great
[SEAL] Seal of the State of New Jersey, this
seventeenth day of October, A. D. one
thousand nine hundred and thirty-two,
and in the Independence of the United
States the one hundred and fifty-seventh.

A. HARRY MOORE,
Governor.

By the Governor:

THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The fourteenth anniversary of the signing of the Armistice occurs on November 11, 1932.

The celebration of the anniversary of the end of such a terrible conflict as the World War is, of

course, an occasion for rejoicing. Let us pay reverent tribute to those who gave their lives in the World War. And in rendering due homage to these heroes, let us again remind ourselves of the price that war exacts.

The first consideration, in attempting an estimate of the cost of war is, of course, the staggering toll of human life and shattered health, and the sum total of sorrow and misery which follows in the wake of war. No loss, however great, can compare with this. But to a world groaning under the weight of economic disaster, the cost of war in material wealth is brought home more forcibly than in times of great national prosperity. A serious and reflective citizenry can do much toward maintaining peace among nations and in avoiding the horrors and waste of war.

THEREFORE, I, A. Harry Moore, Governor of the State of New Jersey, do hereby proclaim

FRIDAY, NOVEMBER ELEVENTH,

as

ARMISTICE DAY,

and I would ask that two minutes of silence be observed on the eleventh hour of that day, to be spent in prayer in memory of those who died in the war, and in petitions for the establishment of peace.

Given under my hand and the Great
[SEAL] Seal of the State of New Jersey, this
seventh day of November, in the year of
Our Lord, one thousand nine hundred
and thirty-two, and in the Independence
of the United States the one hundred
and fifty-seventh.

A. HARRY MOORE,
Governor.

By the Governor:

THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The hallowed custom of setting aside a day for thanksgiving is one which we should observe with proper reverence and dignity. Too often Thanksgiving Day means merrymaking and rejoicing, without due regard to the true solemnity of the occasion.

It is easy to give thanks when we are blessed with an abundance of this world's goods, but to give thanks when so many of us are lacking so much that makes life comfortable and happy is an indication that we have grasped the real significance of the word. Thanksgiving is but an empty phrase if it does not include a devout appreciation of the truth that "every good gift and every perfect gift comes from God." That is the first consideration—an acknowledgment of the Providence of God toward us. If, during this past year, material gifts have not been so plentiful, we have received that greater "good gift"—a heightening of the spirit of true charity and justice. We have done more than give alms; we have come closer to a consideration of what we owe our fellow man. We are less selfish and more prone to consider not merely the physical needs of our neighbor, but what, in justice, is due him.

In this State we have also been free from great physical disasters during this past year. We have even been spared great extremes of heat and cold which have marked other years, and which are so trying upon the poorly nourished and upon those who cannot easily command the comforts of life.

For all of these blessings let us give thanks.

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, do hereby proclaim

THURSDAY, NOVEMBER 24TH,
as
THANKSGIVING DAY

and I ask the people of the State of New Jersey to gather in their places of worship, as well as in their homes, to render thanks to Almighty God for his gifts.

Given under my hand and the Great
[SEAL] Seal of the State of New Jersey, this
seventeenth day of November, in the
year of Our Lord one thousand nine
hundred and thirty-two, and in the In-
dependence of the United States the one
hundred and fifty-seventh.

A. HARRY MOORE,
Governor.

By the Governor:

Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

To conserve is as important as to build. We never grow weary of paying tribute to the dauntless pioneers who, in the midst of a wilderness, laid the foundations of our nation. We cannot honor them too much. But we would be false to the heritage which they left us if we failed to conserve the great resources of the country which they established.

The economic value of our natural resources is untold. The esthetic value of our forests, our streams and lakes, and our plant life cannot be estimated. To conserve and protect these and all the other natural resources is of such importance that our attention should be directed to this necessity from time to time.

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, do hereby proclaim the week beginning April 3, 1933, as

CONSERVATION WEEK,

and I would request that during this week all educational agencies of the State, both public and private, conduct programs covering various phases of the work of conservation.

Given under my hand and the Great
[SEAL] Seal of the State of New Jersey, this
first day of March, in the year of Our
Lord one thousand nine hundred and
thirty-three, and in the Independence of

By the Governor:

THOMAS A. MATHIS,

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

To protect life and limb and to conserve property is as important as to build. We marvel at the advancement made in recent years in highway and motor vehicle facilities and the pleasures and conveniences these advancements have brought about.

Last year these facilities, combined with human frailties of drivers, caused more than a thousand deaths and more than thirty-one thousand personal injuries in New Jersey.

The economic value of these losses, together with the sorrow and suffering due to motor vehicle accidents, is tremendous and today represents one of the greatest civic problems.

To have and maintain greater safety upon the streets and highways is of such importance that attention should be directed to this necessity.

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, do hereby proclaim the month of September, one thousand nine hundred and thirty-three, as a month of concerted effort by all to bring about greater safety upon the highways, and I urge that during this month the utmost courtesy and caution be exercised by all who make use of the highways, to the end that these qualities shall become permanent characteristics.

Given under my hand and the Great
[SEAL] Seal of the State of New Jersey, this
tenth day of August, in the year of Our
Lord one thousand nine hundred and
thirty-three, and in the Independence of
the United States the one hundred and
fifty-eighth.

A. HARRY MOORE,
Governor.

By the Governor:

THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, The Governor and the Legislature of New Jersey, in recognition of the heroic and self-sacrificing service rendered by General Casimir

Pulaski during the war for the independence of the thirteen colonies, and remembering that New Jersey was known as the "Battleground of the Revolution" and that here was expended much of General's splendid effort in the cause of liberty, have designated the overhead road between Jersey City and Newark as the "General Pulaski Skyway"; and

WHEREAS, On October 11, 1933, the anniversary of the birth of General Pulaski, appropriate commemorative services will be held thereon;

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, call upon the people to on that day recall to mind the debt of gratitude which we owe to that distinguished and devoted patriot and, if possible, to join in the aforementioned service or observe the day in some other fitting manner.

Given under my hand and the Great
[SEAL] Seal of the State of New Jersey, this
nineteenth day of September, in the year
of Our Lord one thousand nine hundred
and thirty-three, and in the Independence
of the United States the one hundred
and fifty-eighth.

A. HARRY MOORE,
Governor.

By the Governor:

THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

In accordance with a proclamation issued by the Honorable Franklin D. Roosevelt, President of the United States, I wish to urge that the people of our State observe the forthcoming Fire Prevention Week, October 8-14, 1933, "an occasion of special

significance" and that they will assist in eliminating the tremendous fire destruction and loss recorded annually during the ensuing twelve months.

In the State of New Jersey this should mean a saving of many lives, chiefly of women and children, which now constitutes a distressing and unnecessary sacrifice due to fire. It also will preserve from waste a considerable sum of money that is so badly needed and is a matter of large importance under present economic conditions.

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, by authority in me vested, do designate and proclaim the period from

OCTOBER 8 to 14

as

FIRE PREVENTION WEEK

To this end, I urge that local officials and organizations in every community promptly unite upon specific programs of co-operation, in order to discover and correct existent fire hazards, promote measures of public and private fire protection, extend instruction in fire prevention among adults as well as school children, and arouse the people generally to the need for habits of greater carefulness.

If this be undertaken without delay and earnestly carried out throughout the year, the result cannot fail to be a large contribution to public welfare.

Given under my hand and the Great
[SEAL] Seal of the State of New Jersey, this
nineteenth day of November, in the year
of Our Lord one thousand nine hundred
and thirty-three, and in the Independence
of the United States the one hundred
and fifty-eighth.

A. HARRY MOORE,
Governor.

By the Governor:
THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, It appears to me that public necessity demands the convening of the Legislature of the State of New Jersey in special session,

THEREFORE, I, EMERSON L. RICHARDS, President of the Senate, Acting Governor of the State of New Jersey, in and by virtue of the power vested in me by Article V, paragraph 6, of the State Constitution, do hereby convene the Legislature of this State to meet in special session on Thursday, the twenty-eighth day of September, A. D. 1933, at 11:30 o'clock in the morning of the said day.

Given under my hand and the Great

twenty-second day of September, in the
Year of Our Lord one thousand nine
hundred and thirty-three, and in the In-
dependence of the United States the one

EMERSON L. RICHARDS,
President of the Senate,
Acting Governor.

By the Governor:

THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The State of New Jersey has dedicated itself to the ideal of an opportunity for every youth and to secure an education which will not only fit him for his life work, but will enable him intelligently to

assume his responsibilities as a citizen of a democratic society. The people of this nation have always recognized the dissemination of knowledge as the basic foundation of a democracy, and to the end that the ideal of universal education might be realized, have generously supported public education.

In these times, when the State and nation are confronted with unusual problems of great social moment, it is important that our people shall not lose sight of the significance of education, and thereby fall short in meeting their obligations to the citizens of tomorrow.

Under the sponsorship of the United States Office of Education, the American Legion and the National Education Association, a week, known as Education Week, is set aside each year to stress the importance of our public schools.

The schools need now, more than ever before, the understanding and appreciation and support of all who believe in the education of our youth—the State's most valuable asset.

Universal education has been largely responsible for the continuance of the orderly work of our governmental agencies and for the stability of our people. Our schools have contributed to the greatness of our State and nation, and through the maintenance of our ideal of an educational opportunity for all the youth of the State we can be assured of continued development and of still greater accomplishments.

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, do hereby proclaim and designate the period from

NOVEMBER 6TH TO NOVEMBER 12TH

as

AMERICAN EDUCATION WEEK,

and I respectfully request that all citizens of the Commonwealth of New Jersey observe it accordingly.

[SEAL] Given under my hand and the Great Seal of the State of New Jersey, on the first day of November, in the year of Our Lord one thousand nine hundred and thirty-three, and in the Independence of the United States the one hundred and fifty-eighth.

A. HARRY MOORE,
Governor.

By the Governor:
THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

November 11, 1933, is the fifteenth anniversary of the signing of the Armistice.

Lest the passing of time serve to dim the memory of the sacrifices and struggles of the World War, and to make us forgetful of the debt which humanity owes those who suffered and died in the conflict.

I, A. HARRY MOORE, Governor of the State of New Jersey, do hereby proclaim

SATURDAY, NOVEMBER 11TH,
as
ARMISTICE DAY

and I ask that the day be observed with due solemnity and patriotic spirit. I would further request that two minutes of silence be observed by all the people of the State at the eleventh hour of the day, in accordance with universal custom.

Given under my hand and the Great

tenth day of November, in the year of
Our Lord, one thousand nine hundred

A. HARRY MOORE,
Governor.

By the Governor:
THOMAS A. MATHIS,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The blessings which have come to the United States of America in the year 1933 are such that we may, with utmost sincerity and enthusiasm, render very ardent thanks.

It is, for example, a matter of thanksgiving and rejoicing that the economic situation has reached the point where the State and local agencies are relieved of a portion of the burden which the care of the indigent has imposed upon them, and that so many individuals and families are again on a self-supporting basis.

This is but one of the many blessings which have been granted this nation. We are blest in that we have not, as a nation, lost sight of the fact that the Giver of all good gifts is watching over us and dispensing His mercies and blessings; that His will is the law which guides our destinies, and it is to Him that we owe our undivided allegiance.

Let us give thanks for our many spiritual and material blessings, and for the continuance of American institutions and ideals.

THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, do hereby proclaim

THURSDAY, NOVEMBER 30TH,

as

THANKSGIVING DAY,

and I urge that the people gather in places of worship in order to render suitable thanks for the favors of the past year, and that we may petition Almighty God for a continuance of His bounty.

Given under my hand and the Great
[SEAL] Seal of the State of New Jersey, this twenty-first day of November, in the year of Our Lord, one thousand nine hundred and thirty-three, and in the Independence of the United States the one hundred and fifty-eighth.
